Related Clinical Coverage Policies
Refer to https://medicaid.ncdhhs.gov/ for the related coverage policies listed below:
9, Outpatient Pharmacy Program

1.0 Description of the Procedure, Product, or Service
This policy applies to safety monitoring for NC Medicaid (Medicaid) beneficiaries up to and including 17 years of age and NC Health Choice (NCHC) beneficiaries 6 through 17 years of age who are prescribed antipsychotic agents. Safety monitoring with documentation shall result when an antipsychotic medication is used without indications and dosage levels approved by the federal Food and Drug Administration (FDA). Safety monitoring shall target metabolic and neurologic side effects.

1.1 Definitions
None Apply.

2.0 Eligibility Requirements
2.1 Provisions

2.1.1 General
(The term “General” found throughout this policy applies to all Medicaid and NCHC policies)
a. An eligible beneficiary shall be enrolled in either:
   1. the NC Medicaid Program (Medicaid is NC Medicaid program, unless context clearly indicates otherwise); or
   2. the NC Health Choice (NCHC is NC Health Choice program, unless context clearly indicates otherwise) Program on the date of service and shall meet the criteria in Section 3.0 of this policy.
b. Provider(s) shall verify each Medicaid or NCHC beneficiary’s eligibility each time a service is rendered.
c. The Medicaid beneficiary may have service restrictions due to their eligibility category that would make them ineligible for this service.
d. Following is only one of the eligibility and other requirements for participation in the NCHC Program under GS 108A-70.21(a): Children must be between the ages of 6 through 18.

Note: Outpatient pharmacy services are available to all eligible Medicaid and Health Choice beneficiaries.

2.1.2 Specific
(The term “Specific” found throughout this policy only applies to this policy)
a. Medicaid
None Apply.
b. NCHC
None Apply.
2.2 Special Provisions

2.2.1 EPSDT Special Provision: Exception to Policy Limitations for a Medicaid Beneficiary under 21 Years of Age

a. 42 U.S.C. § 1396d(r) [1905(r) of the Social Security Act]

Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) is a federal Medicaid requirement that requires the state Medicaid agency to cover services, products, or procedures for Medicaid beneficiary under 21 years of age if the service is medically necessary health care to correct or ameliorate a defect, physical or mental illness, or a condition [health problem] identified through a screening examination (includes any evaluation by a physician or other licensed practitioner).

This means EPSDT covers most of the medical or remedial care a child needs to improve or maintain his or her health in the best condition possible, compensate for a health problem, prevent it from worsening, or prevent the development of additional health problems.

Medically necessary services will be provided in the most economic mode, as long as the treatment made available is similarly efficacious to the service requested by the beneficiary’s physician, therapist, or other licensed practitioner; the determination process does not delay the delivery of the needed service; and the determination does not limit the beneficiary’s right to a free choice of providers.

EPSDT does not require the state Medicaid agency to provide any service, product or procedure:

1. that is unsafe, ineffective, or experimental or investigational.
2. that is not medical in nature or not generally recognized as an accepted method of medical practice or treatment.

Service limitations on scope, amount, duration, frequency, location of service, and other specific criteria described in clinical coverage policies may be exceeded or may not apply as long as the provider’s documentation shows that the requested service is medically necessary “to correct or ameliorate a defect, physical or mental illness, or a condition” [health problem]; that is, provider documentation shows how the service, product, or procedure meets all EPSDT criteria, including to correct or improve or maintain the beneficiary’s health in the best condition possible, compensate for a health problem, prevent it from worsening, or prevent the development of additional health problems.

b. EPSDT and Prior Approval Requirements

1. If the service, product, or procedure requires prior approval, the fact that the beneficiary is under 21 years of age does NOT eliminate the requirement for prior approval.

2. IMPORTANT ADDITIONAL INFORMATION about EPSDT and prior approval is found in the NCTracks Provider Claims and Billing Assistance Guide, and on the EPSDT provider page. The Web addresses are specified below.
NC Medicaid and Health Choice
Off Label Antipsychotic Safety Monitoring
In Beneficiaries Through Age 17

Clinical Coverage Policy: No.: 9D
Amended Date: January 12, 2020

NCTracks Provider Claims and Billing Assistance Guide:
https://www.nctracks.nc.gov/content/public/providers/provider-manuals.html

EPSDT provider page: https://medicaid.ncdhhs.gov/

2.2.2 EPSDT does not apply to NCHC beneficiaries

2.2.3 Health Choice Special Provision for a Health Choice Beneficiary age 6 through 18 years of age
NC Medicaid shall deny the claim for coverage for an NCHC beneficiary who does not meet the criteria within Section 3.0 of this policy. Only services included under the NCHC State Plan and the NC Medicaid clinical coverage policies, service definitions, or billing codes are covered for an NCHC beneficiary.

3.0 When the Procedure, Product, or Service Is Covered

Note: Refer to Subsection 2.2.1 regarding EPSDT Exception to Policy Limitations for Medicaid Beneficiaries under 21 Years of Age.

3.1 General Criteria Covered
Medicaid and NCHC shall cover the procedure, product, or service related to this policy when medically necessary, and:

a. the procedure, product, or service is individualized, specific, and consistent with symptoms or confirmed diagnosis of the illness or injury under treatment, and not in excess of the beneficiary’s needs;

b. the procedure, product, or service can be safely furnished, and no equally effective and more conservative or less costly treatment is available statewide; and

c. the procedure, product, or service is furnished in a manner not primarily intended for the convenience of the beneficiary, the beneficiary’s caretaker, or the provider.

3.2 Specific Criteria Covered

3.2.1 Specific criteria covered by both Medicaid and NCHC
None Apply.

3.2.2 Medicaid Additional Criteria Covered
None Apply.

3.2.3 NCHC Additional Criteria Covered
None Apply.

4.0 When the Procedure, Product, or Service Is Not Covered

Note: Refer to Subsection 2.2.1 regarding EPSDT Exception to Policy Limitations for Medicaid Beneficiaries under 21 Years of Age.

4.1 General Criteria Not Covered
Medicaid and NCHC shall not cover the procedure, product, or service related to this policy when:

a. the beneficiary does not meet the eligibility requirements listed in Section 2.0;
b. the beneficiary does not meet the criteria listed in Section 3.0;
c. the procedure, product, or service duplicates another provider’s procedure, product, or service; or
d. the procedure, product, or service is experimental, investigational, or part of a clinical trial.

4.2 Specific Criteria Not Covered

4.2.1 Specific Criteria Not Covered by both Medicaid and NCHC

None Apply.

4.2.2 Medicaid Additional Criteria Not Covered

None Apply.

4.2.3 NCHC Additional Criteria Not Covered

a. NCGS § 108A-70.21(b) “Except as otherwise provided for eligibility, fees, deductibles, copayments, and other cost sharing charges, health benefits coverage provided to children eligible under the Program shall be equivalent to coverage provided for dependents under North Carolina Medicaid Program except for the following:
1. No services for long-term care.
2. No nonemergency medical transportation.
3. No EPSDT.
4. Dental services shall be provided on a restricted basis in accordance with criteria adopted by the Department to implement this subsection.”

5.0 Requirements for and Limitations on Coverage

Note: Refer to Subsection 2.2.1 regarding EPSDT Exception to Policy Limitations for Medicaid Beneficiaries under 21 Years of Age.

5.1 Prior Approval

The Department of Health and Human Services, NC Medicaid, may initiate a registration or prior authorization process for the off-label prescribing of an antipsychotic for a Medicaid beneficiary up to and including 17 years of age or a NCHC beneficiary 6 through 17 years of age to ensure safety monitoring documentation by the prescriber if:

a. The antipsychotic is prescribed for an indication that is not approved by the FDA.
b. The antipsychotic is prescribed at a different dosage than approved for an indication by the FDA.
c. The prescribed antipsychotic will result in the concomitant use of two or more antipsychotics.

5.1.1 Monitoring Portal for Prescriber Registry

Prescribers shall input information for each Medicaid beneficiary age 17 and under or NCHC beneficiary 6 through 17 for whom an antipsychotic agent is prescribed. The data elements collected are used to support a generally accepted clinical analysis of the safety and efficacy of the prescribed pharmacotherapy.

5.1.2 Safety Monitoring Documentation

A request for an antipsychotic medication meeting any of the descriptions as outlined below will require safety monitoring documentation by the prescriber in order for the claim to successfully complete point of sale processing.
a. An antipsychotic prescribed without a clinical diagnosis corresponding to an FDA approved indication.
b. An antipsychotic prescribed in an amount differing from the FDA approved dosage for that indication for a Medicaid beneficiary up to and including age 17 or an NCHC beneficiary 6 through 17 years of age.
c. An antipsychotic prescribed that meets the definition of intraclass polypharmacy*.

Note: *Intraclass polypharmacy is defined as combination therapy with two or more agents outside of a 60-calendar day window allowing for cross titration when converting agents.

5.1.3 Information Sources to Develop Monitoring Parameters
Safety monitoring parameters in the registry shall be based upon standards established by the American Psychiatric Association (APA), the American Academy of Child and Adolescent Psychiatry (AACAP), and currently accepted practice standards for the efficacious and safe use of antipsychotics in children and adolescents.

5.1.4 Provider Education
Providers shall be offered training and regular follow-up with a review of recent prescribing data. The initial education will focus on clinical issues related to the use of antipsychotics in children, including:
   a. levels of evidence for use;
   b. safety and outcomes assessments;
   c. use of psychosocial supports; and
   d. interventions to consider if adverse effects present during antipsychotic therapy.
Subsequent education will focus on clinical issues identified either statewide or at the specific practice level. Child psychiatry specialists shall be available as needed for consultative support.

5.1.5 Access Assured
If FDA approved guidelines for use are met for a specific beneficiary, further safety documentation is not required by the provider for a period of up to 365 days. The ability to bypass the documentation shall be granted on a beneficiary-specific basis. Systems will be built to assure beneficiaries will be able to obtain the appropriate medications as prescribed by the physician.

5.1.6 Indications and Maximum Dose Parameters
Selected antipsychotic agents have age dependent FDA approved indications and recommended dosage. Drug specific parameters by diagnosis shall be in accordance with the FDA guidelines.

5.1.7 Adverse Effects and Clinical Assessment Monitoring
Specific monitoring parameters recommended by the APA and the AACAP at baseline and predetermined therapy intervals may include Body Mass Index (BMI) percentile, blood pressure, glucose, lipid, complete blood count (CBC) and electrocardiogram (ECG). Parameters shall be monitored at baseline and then at recommended frequencies.
6.0 Providers Eligible to Bill for the Procedure, Product, or Service

To be eligible to bill for the procedure, product, or service related to this policy, the provider(s) shall:

a. meet Medicaid or NCHC qualifications for participation;

b. have a current and signed Department of Health and Human Services (DHHS) Provider Administrative Participation Agreement; and

c. bill only for procedures, products, and services that are within the scope of their clinical practice, as defined by the appropriate licensing entity.

6.1 Provider Qualifications and Occupational Licensing Entity Regulations

None Apply.

6.2 Provider Certifications

None Apply.

7.0 Additional Requirements

Note: Refer to Subsection 2.2.1 regarding EPSDT Exception to Policy Limitations for Medicaid Beneficiaries under 21 Years of Age.

7.1 Compliance

Provider(s) shall comply with the following in effect at the time the service is rendered:

a. All applicable agreements, federal, state and local laws and regulations including the Health Insurance Portability and Accountability Act (HIPAA) and record retention requirements; and

b. All NC Medicaid’s clinical (medical) coverage policies, guidelines, policies, provider manuals, implementation updates, and bulletins published by the Centers for Medicare and Medicaid Services (CMS), DHHS, DHHS division(s) or fiscal contractor(s).

</table>
Attachment A: Claims related Information

Provider(s) shall comply with the, NCTracks Provider Claims and Billing Assistance Guide, Medicaid bulletins, fee schedules, NC Medicaid’s clinical coverage policies and any other relevant documents for specific coverage and reimbursement for Medicaid and NCHC:

A. Claim Type
Online Real-Time Point of Sale using the current version of the National Council for Prescription Drug Program (NCPDP)

Unless directed otherwise, Institutional Claims must be billed according to the National Uniform Billing Guidelines. All claims must comply with National Coding Guidelines.

B. International Classification of Diseases and Related Health Problems, Tenth Revisions, Clinical Modification (ICD-10-CM) and Procedural Coding System (PCS)
Does not apply

C. Code(s)
Does not apply

D. Modifiers
Does not apply

E. Billing Units
The National Drug Code (NDC) determines the billing unit(s).

F. Place of Service
Active Medicaid or NCHC pharmacy provider

G. Co-payments
For Medicaid refer to Medicaid State Plan: 
https://medicaid.ncdhhs.gov/get-involved/nc-health-choice-state-plan

For NCHC refer to NCHC State Plan: 
https://medicaid.ncdhhs.gov/get-involved/nc-health-choice-state-plan

H. Reimbursement
Provider(s) shall bill their usual and customary charges.
For a schedule of rates, refer to: https://medicaid.ncdhhs.gov/

Refer to clinical coverage policy 9, Outpatient Pharmacy Program; Attachment A: Claims-Related Information; B: Directions for Drug Reimbursement, on NC Medicaid’s website at: 
https://medicaid.ncdhhs.gov/
