

## JOB AID

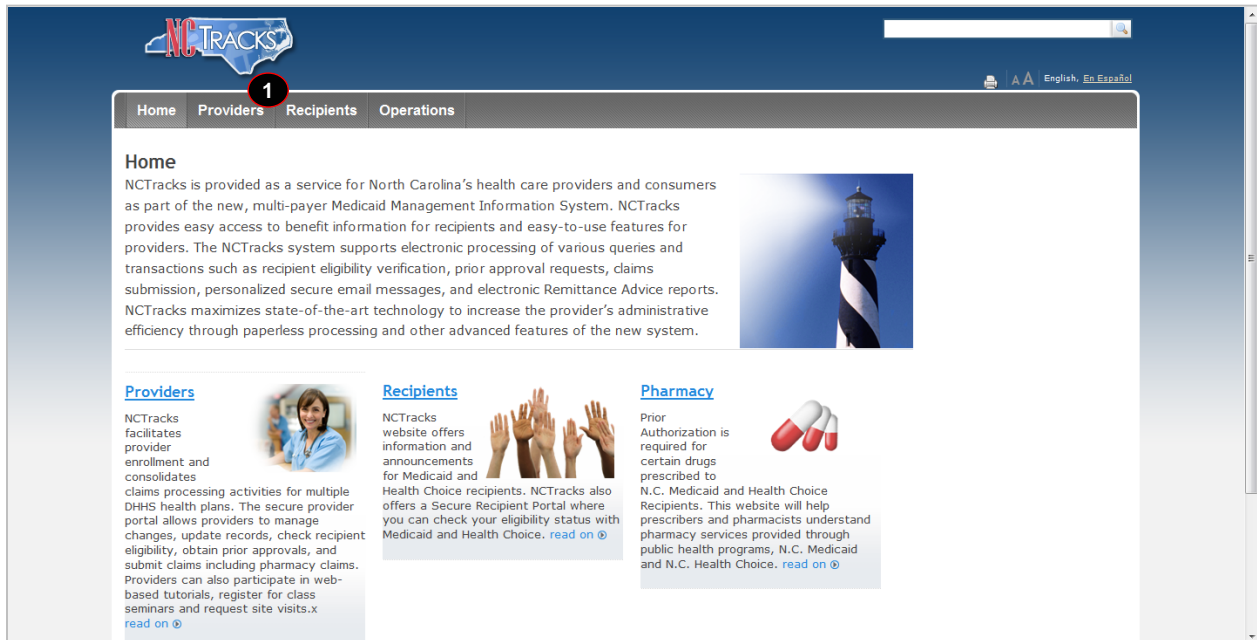

### Provider Permission Matrix Instruction Sheet

#### OVERVIEW

This Job Aid provides users with instructions on how to use the Provider Permission Matrix spreadsheet in order to identify what is required for provider enrollment.

#### ACCESS THE NCTRACKS PUBLIC PAGE

The NCTracks public home page displays before the user logs in to the system.

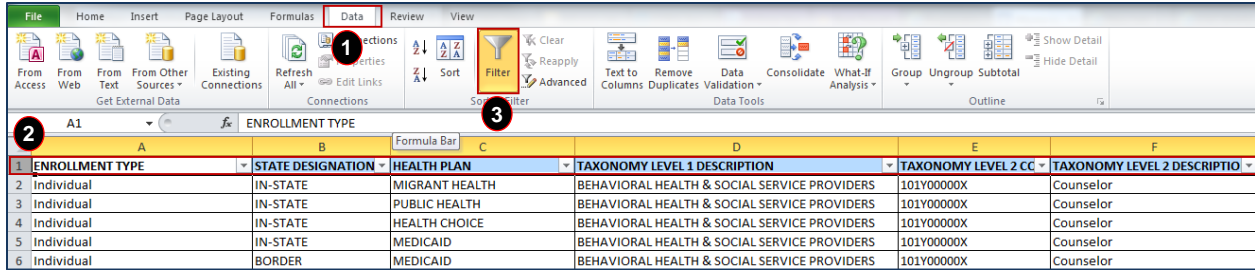

Step	Action
1	Select <b>Providers</b> .

The screenshot shows the NC TRACKS website interface. The top navigation bar includes 'Home', 'Providers', 'Recipients', and 'Operations'. The left sidebar contains a menu with 'Provider Enrollment' highlighted. The main content area features a 'Provider Enrollment' section with introductory text and a 'Getting Started' sub-section. A 'Provider Permission Matrix' hyperlink is visible in the text. The right sidebar contains 'Provider Announcements', 'Contact' information for the CSRA Call Center, and 'Quick Links'.

Step	Action
2	Select <b>Provider Enrollment</b> .
3	Select the <b>Provider Permission Matrix</b> hyperlink.

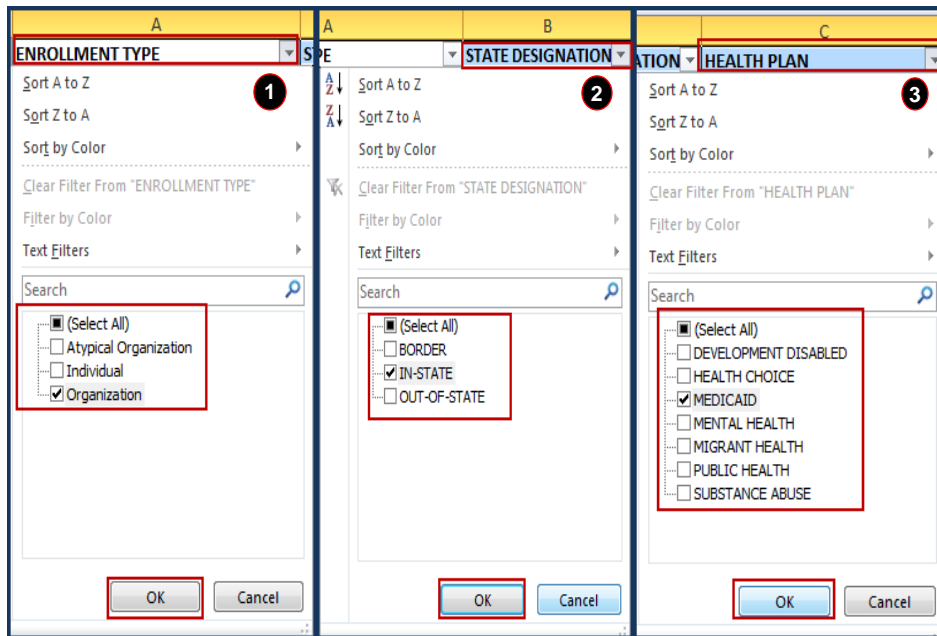

## PROVIDER PERMISSION MATRIX – ORGANIZATION / ATYPICAL ORGANIZATION

The Provider Permission Matrix will open in an Excel Spreadsheet consisting of rows and columns with information that can be filtered. By applying filters to the spreadsheet you will be able to identify required enrollment criteria. Begin by sorting the spreadsheet to identify enrollment criteria for an In-state Organization.

Step	Action
1	Select the <b>Data</b> tab.
2	Highlight the <b>Column Headers</b> row.
3	Select the <b>Filter</b> icon.

By applying filters to the column headers you are able to select the Enrollment Type, State Designation, Health plan, etc. that apply to your specific organization. Start by applying filters to the spreadsheet to indicate that an In-State Organization is enrolling in to NC Medicaid.

Step	Action
1	Select the dropdown arrow next to <b>Enrollment Type</b> . Deselect all checked options by selecting the (Select All) checkbox. Select the Enrollment Type of <b>Organization</b> .
2	Select the dropdown arrow next to <b>State Designation</b> . Deselect all checked options by selecting the (Select All) checkbox. Select the State Designation of <b>In-State</b> .
3	Select the dropdown arrow next to <b>Health Plan</b> . Deselect all checked options by selecting the (Select All) checkbox. Select the Health Plan of <b>Medicaid</b> .

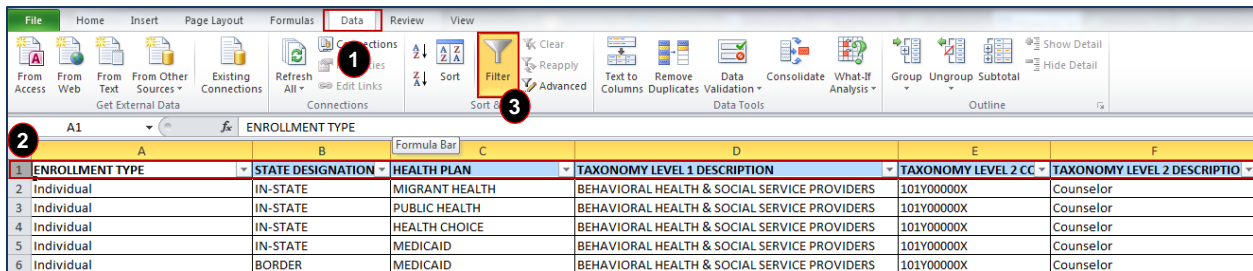

After these filters have been applied the enrolling provider is able to continue to add filters to the column headers as they apply to the providers’ area of specialty. Enrollment criteria will be displayed in the remaining columns. If the columns are not populated with any data, the field does not apply to the enrolling provider. However, fields may be populated with “Yes” or “No” responses or information that is specific to your enrollment type or documents required for your enrollment type.

### PROVIDER PERMISSION MATRIX – INDIVIDUAL

The same type of information is available to individual providers. Applying filters to the Provider Permission Matrix will inform the provider of the enrollment criteria that is required for the enrollment process. In-State, Border, and Out of State providers are able to see which Health Plans they are eligible to enroll in and the specific criteria required.

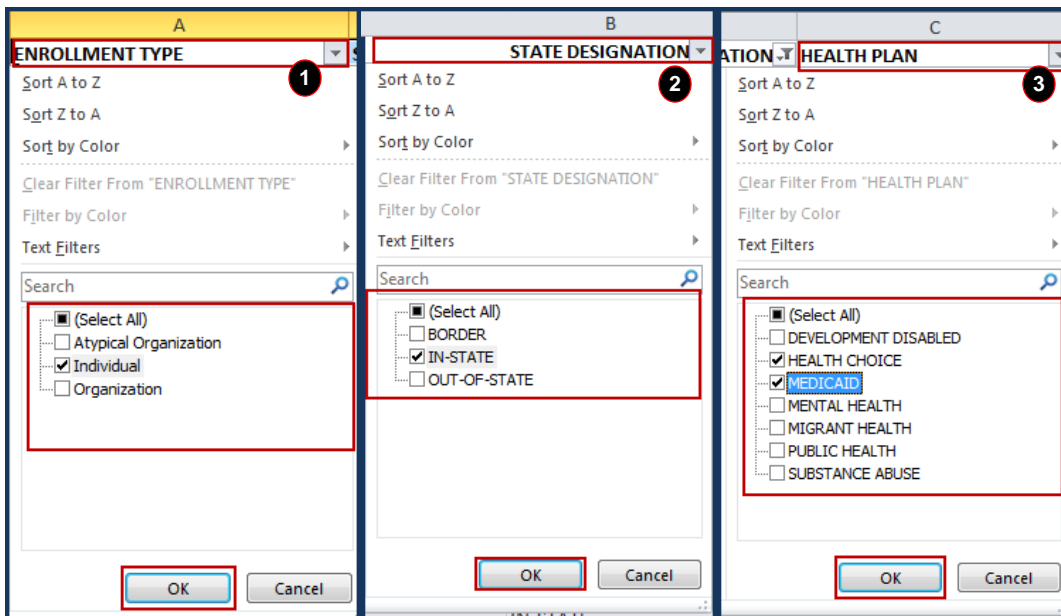

In this example we will apply filters to the Provider Permission Matrix to indicate an In-state Individual provider enrolling in NC Medicaid and NC Health Choice.

Begin by applying filters to the column headers of the Provider Permission Matrix.

Step	Action
1	Select the <b>Data</b> tab.
2	Highlight the <b>Column Headers</b> row.
3	Select the <b>Filter</b> icon.

Select the filters that identify the enrolling provider.

Step	Action
1	Select the dropdown arrow next to <b>Enrollment Type</b> . Deselect all checked options by selecting the (Select All) checkbox. Select the Enrollment Type of <b>Individual</b> .
2	Select the dropdown arrow next to <b>State Designation</b> . Deselect all checked options by selecting the (Select All) checkbox. Select the State Designation of <b>In-State</b> .
3	Select the dropdown arrow next to <b>Health Plan</b> . Deselect all checked options by selecting the (Select All) checkbox. Select the Health Plans of <b>Medicaid and Health Choice</b> .

After these filters have been applied, the enrolling provider is able to continue to add filters to the column headers as they apply to the providers' area of specialty. Enrollment criteria will be displayed in the spreadsheets remaining columns. If the columns are not populated with any data, the field does not apply to the enrolling provider. However, fields may be populated with "Yes" or "No" responses or information that is specific to the enrollment type or documents required for your enrollment type.

### COLUMN HEADER DESCRIPTIONS
