Logging into the Provider Portal

1. Navigate to www.nctracks.nc.gov

2. The following page will display. Click the Providers tab at the top of the page.

![Figure 1: NCTracks Home](image)
3. From the **Providers** page, click the NCTracks Secure Portal icon.

![Figure 2: Providers Page](image)

4. The following login screen will display. Enter the NCID and password and click the **Log in** button.

![Figure 3: Provider Portal Login](image)

**Accessing the Manage Change Request Application**

5. The following Providers page will display. Click the **Status and Management** button.

![Figure 4: Select Status and Management](image)
6. The **Status and Management** screen will display. The screen is divided into 6 sections.

![Figure 5: Status and Management Page](image)

**Status and Management Sections**

1. **Submitted Applications**: Contains enrollment applications or change requests that have already been submitted and are currently in process.

2. **Saved Applications**: Contains enrollment applications or change requests that have been started but not yet submitted. Please remember that your application must be submitted to the State within 90 days of the date it was created. If not completed within 90 days, the incomplete application will be deleted.

3. **Re-enroll**: This section will list provider accounts associated with the user’s NCID that have been terminated. The user can select the account to re-enroll, then click ‘Submit’.

4. **Manage Change Request**: This section will list provider accounts associated with the users NCID that are active.
5. **Re-verification**: This section allows the user to submit a required re-verification application for a provider enrollment account.

6. **Maintain Eligibility**: This section allows the user to submit a required maintain eligibility application for a provider enrollment account.

7. To begin a new **Manage Change Request**, under the **Manage Change Request** Section, click the radio button next to the NPI to be changed. Next, click the **Update** button.

   If the Manage Change Request section reads **No Data to Display**, it is possible that a Manage Change Request has already been created and/or submitted, but not yet approved. Check the **Submitted Applications** and **Saved Applications** sections for a Manage Change Request/Enrollment that is already in process.

![Figure 6: Select Manage Change Request](image)

8. The **Organization Basic Information** screen will display. The left hand side menu will display a list of topics.

   Do NOT click the menu options on the left hand side of the screen, as each page must be accessed/reviewed before the **Manage Change Request** can be submitted. Instead, to navigate to appropriate section, click the **Next** button on the bottom right corner of the screen until you reach the **Addresses** screen.

![Figure 7: Organization Basic Information Page](image)
9. On the Terms and conditions page, to attest and accept Medicaid Terms and Agreements, click the check box and click the **Next** button.

![Attestation Statement](image1)

**Figure 8: Attestation Statement**

10. Once you reach the **Method of Claim and Electronic Transactions** page, read the following information carefully, as each menu option can dictate how electronic transactions are sent and received.

Submitting Single Claims on Behalf of Yourself or another Provider

If you intend on submitting single, individual claims on behalf of yourself or another provider, select the first option titled “Submit a single claim via the NCTracks Provider Portal”.

If you do not intend on sending or receiving batch claims or electronic transactions, do NOT select the Batch Claims or Billing Agent Options

See the Provider User Guides and Training page for steps to complete the Manage Change Request.
Batch Claims and other Electronic Transaction Types

The following electronic transactions and corresponding responses can submitted through the NCTracks Provider Portal.

There are two main types of transactions:

**Inbound:** Transactions sent from the billing agent/TP/provider into NCTracks are considered Inbound Transactions.

**Outbound:** Transactions sent from NCTracks to the billing agent/TP/provider are considered outbound transactions.

Submitting Batch Claims/Electronic Transactions

If you intend on submitting batch claims, or exchange other types of electronic transactions with NCTracks on behalf of yourself or other provider(s), there are several setup steps required. These steps are usually performed by the office administrator or user administrator.

⚠️ Please note that this process is still required even if you only intend on receiving the 835 Health Care Claim Payment/Remittance Advice

1. User Provisioning and Mailbox Creation Steps

In order to access the X12 transactions, the OA will need to assign the appropriate user role to each user that will need access to the 835 mailbox. In addition, these users must be assigned to at least one group.

a. From the **Home** screen, click the **User Maintenance** button.

![Figure 11: Home - Select User Maintenance](image)

b. The **User Maintenance** screen will display.

c. In the **Search Criteria** window, enter the user’s last name in the Last Name field.

d. Click the **Search** button.

e. The search results will appear below the Search Criteria window. To open the **Edit User** window, double click on the user ID hyperlink.

f. Scroll down to locate the **Access Rights** window on the lower right hand side of the screen.

g. Availed roles to be added, will be listed in the Available Roles pane.

h. To add user roles, highlight the applicable role and click the **Add** button to move the role to the right side pane titled Assigned Roles. The following roles should be added:

   - **Claims**
   - **Outbound-IND-4010-835**
   - **Outbound-IND-5010-835**

i. Click the **Save** button to save the changes.
2. Complete the Manage Change Request - Trading Partner Registration

To register as a Trading Partner, you will need complete the Manage Change Request process. On the Method of Claim and Electronic Transactions page, and click the option titled “Submit a batch claim via NCTracks”.

Do NOT select the “Billing Agent” option if you do not use a billing agent. For instructions on using a billing agent, see the Provider User Guides and Training page.

![Select Single Claim and Batch Claim Options](image)

At this time, the Transaction Supplier Number (TSN) is generated. Proceed to the end of the application. At the REVIEW screen, click the REVIEW APPLICATION button to review the application so that you may write down the TSN number as it is needed for the next step.

See the Provider User Guides and Training page for steps to complete the Manage Change Request.

3. Complete and Submit the Trading Partner Contact Document

The MCR must be in an Approved status before the next step can be completed. Once the MCR is approved, complete the Trading Partner Contact Document, which can be accessed from the Trading Partner page of the NCTracks provider portal.

Complete all the fields on the form.

Remember to include your TSN number on the form.

For the type of sender, select from the following options:

<table>
<thead>
<tr>

Select the type(s) of transactions that will be sent/received
- Institutional Claims (837I)
- Professional Claims (837P)
- Dental Claims (837D)
- Eligibility Inquiry (270/271)
- Claims Inquiry 276/277
- Benefit Enrollment and Maintenance 834
- Electronic Remittance 835 (Testing is not required)

Email the completed form to NCMMIS_EDI_Support@CSRA.COM

Once the form is received, the EDI Team will update the provider record in the Operations portal to enable the provider to receive the 835 transactions. No testing is required to complete this setup. Once the provider setup is complete, the EDI team will notify the provider via email.
4. Complete Transaction Testing

If you intend on submitting electronic transactions to NCTracks, you will need to submit test transactions to ensure that the transactions are compliant with HIPAA standards. Plan ahead, as this can take some time. For detailed instructions regarding testing, please reference the companion guides located at the following link for the Trading Partner page.

https://www.nctracks.nc.gov/content/public/providers/provider-trading-partners.html

The NCTracks Trading Partner Connectivity Guide provides screen shots and steps for submitting batch claims. Reference the Trading Partner page to view this guide.

Using Billing Agent(s) or Trading Partner(s)

a. If you intend on using one or more billing agents or TPs to submit claims or send and receive all electronic transactions, select the third option. It is recommended that you also select the first option, to allow you to submit a single claim if needed.

With this option, the billing agent/TP sends and receives all transaction types

| For this configuration, do NOT select the Batch Claim option. If you select this option, the billing agent/TP will NOT receive the outbound transactions such as the 835 Health Care Claim Payment/ Remittance Advice). This option, by default routes the 835 transaction to the provider in lieu of the billing agent/TP. |

Submitting Batch Claims in Conjunction with using Billing Agent(s)/Trading Partner(s)

Some providers select both the “Batch Claim” and “Billing Agent” options. The benefit of this configuration is that the billing agents/TPs can be setup to submit the inbound transactions, such as batch claims into NCTracks, while the outbound transactions such the Remittance Advices can route directly to the provider.

To complete this configuration, your provider will need to register as a trading partner and complete other steps.

For additional information on the Trading Partner/Provider registration and testing, please reference the companion guides located at the following link:

https://www.nctracks.nc.gov/content/public/providers/provider-trading-partners.html

a. If you intend on using one or more billing agents/TPs to submit claims or send and receive other electronic transactions but would also like to receive the batch outbound transactions such as the remittance advices, select all three options.
