

NCTracks Helpful Hints: Six Tips for Submitting a Pharmacy PA

Patients taking more than 90mg of morphine equivalency per day must have a high dose PA

Prior approval requests submitted for a brand name medication may not work for the generic equivalent and vice versa. *Please refer to the DHB PDL*

Use the correct prior approval fax form (*updated August 28th, 2017; check the Drug Request Forms page of the NCTracks provider portal*)

Quantity, Quantity
include both the quantity per 30 days & the length of therapy

Answer ALL the required prior approval questions

Don't Forget
Include the date of birth and recipient ID of the patient
