2.0 Provider Medicare Lite Enrollment

2.1 INTRODUCTION

Effective January 29, 2023, a new Medicare-only Lite enrollment option will be added in NCTracks to align with the Centers for Medicare and Medicaid Services (CMS) requirements.

Currently, if a provider is present on a Medicare crossover claim as a billing provider but is not enrolled in NCTracks, they do not receive a remittance advice (RA). With this update, Medicare providers may complete a simplified enrollment process that will allow them to access an RA for the Medicare crossover claim. Although providers must be actively enrolled with Medicare, no taxonomy, application fee, training, or fingerprinting is required for this application under NC Medicaid.

Medicare-only Lite enrollment lasts one year. At the end of the one year, a termination letter will be sent to the provider with termination reason: ENROLLMENT TERMINATED DUE TO END OF MEDICARE LITE ONE YEAR ENROLLMENT PERIOD. A RE-ENROLLMENT APPLICATION IS REQUIRED IN ORDER TO CONTINUE PARTICIPATION IN MEDICAID.

Providers enrolled with a Medicare-only Lite application are not eligible to receive payment from NC Medicaid but may choose to enroll as a full provider by submitting a manage change request (MCR). All enrollment criteria must be met to become fully enrolled, including selection of a Medicaid accepted taxonomy.

2.2 OBJECTIVES

Trainees will view demonstrations of completing the above application. This Participant User Guide also provides step-by-step documentation of the processes to complete and submit applications.

A majority of the demonstration sections will have graphic illustrations followed by numbered steps. The numbers on the images will correspond with the numbers in the steps.

For more information on the Abbreviated MCR options, refer to Participant User Guide PRV563, *Abbreviated Managed Change Request*.

Provider Enrollment

NC DHHS recognizes the need to promote access to care by enrolling all providers in a timely manner and is committed to ensuring the provision of quality care for our citizens.

The enrollment process includes credentialing, endorsement, and licensure verification. The CSRA Enrollment Team completes this verification to ensure that all providers meet the professional requirements and are in good standing. Once participation as a DHHS provider has been approved, providers are notified by email and may begin submitting claims to NC DHHS for services rendered.

The CSRA Enrollment Team cannot provide special consideration for processing of enrollment applications due to provider error, incomplete information, or due to a delay in obtaining credentialing, endorsement or licensure information from another agency.

Applicants must meet all program requirements and qualifications for which they are seeking enrollment before they can be enrolled as DHHS providers. Specific qualifications for each provider type are listed in the [Provider Enrollment Manual](#).

Getting Started With Enrollment

The Provider Enrollment Online Application is a user-friendly web application that gathers all the information needed to enroll you or your organization as a licensed Medicaid provider in North Carolina. The following information will help you get started with your application.

To assist you with completing an application, you will need the required information readily available. See the [Provider Permission Matrix](#). Providers [within 40 miles](#) of the border of North Carolina are eligible to provide in-state Medicaid services for the State of North Carolina.

Once you have completed minimal required information for your application, you will be given the opportunity to save it as draft for later completion.

When you are completing an Individual or Organization Provider Enrollment application, you will be given the option to also enroll as a Primary Care Provider (PCP) in the Community Care of North Carolina/Carolina ACCESS (CCNC/CA) program if your provider type qualifies you to participate. See [CCNC/CA Eligible Provider Types](#) for more details.

You may begin your Provider Enrollment Online Application [here](#).

Important Announcement
NCTracks Multi-Factor Authentication (MFA) Updates Coming Soon for Individual & Business Users

In accordance with the [North Carolina Identity Management \(NCID\) Citizen Identity Project](#), NCTracks is changing the User Login process and implementing Multi-Factor Authentication (MFA) updates. Please complete the following steps to update your NCID profile by **Sept. 6, 2024**, in advance of the MFA updates:
These instructions are for Individual and Business users only, not Local and State Government users.

1. Login to the MyNCID portal at <https://myncidpp.nc.gov/> with your NCID Username and Password.
2. You will see the Profile Information page upon successful login.
3. Click on the **MFA** tab on your profile page.
4. Click on the **ADD ENROLLMENT** button on the bottom right.
5. A pop-up window will appear prompting you to choose an MFA method. Please note that office phone extensions are not supported.
6. Follow the onscreen prompts to add your chosen MFA method.

For detailed instructions, including images of each step, refer to the [NCID User Guide for MFA](#).

Important Note: Providers who do not currently use MFA will not be impacted at this time. MFA updates will be implemented through a phased approach. Until that time, your current login method will continue to work. However, you are being asked to update your profile to ensure a seamless transition to the new MFA method. You will receive further communication when your MFA is to be updated.

If you are an Individual or Business User who currently uses MFA, these updates will impact you on Sept. 15, 2024. Once these updates are implemented you are no longer required to access and maintain MFA using <https://tmfmobile.nc.gov/userportal/>. All profiles, including MFA, will be managed through <https://myncidpp.nc.gov/> after implementation.

If you encounter issues during login or authentication, please contact the Department of Information Technology (DIT) helpdesk at **919-754-6000 or 800-722-3946**.

INDIVIDUAL PROVIDERS

INDIVIDUAL FULL ENROLLMENT

☐ An individual provider is a person enrolled directly who may have an affiliation with an organization or may bill independently for services. When you are completing the Individual Provider Enrollment application, you will be given the opportunity to also enroll as a Primary Care Provider (PCP) in the CCNC/CA program if your provider type qualifies you to be a PCP.

ORDERING, PRESCRIBING, REFERRING PROVIDERS ENROLLED WITH THE LITE APPLICATION

☐ With the implementation of Section 6405 of the Affordable Care Act, CMS requires certain physicians and non-physician practitioners to enroll in the Medicaid program for the sole purpose of ordering, referring, or prescribing items or services for Medicaid or Health Choice beneficiaries (42 CFR 455.410).

OUT-OF-STATE PROVIDER ENROLLED WITH THE LITE APPLICATION

☐ As a time-limited OOS provider (lite), your enrollment will automatically be end-dated one year after your Effective Date Requested entered on the application. You will be required to re-enroll if you wish to continue participation after the one year. This option only applies to providers whose primary address is outside the 40 mile border area.

MEDICARE ONLY LITE PROVIDER

2 ☐ As a time-limited Medicare-only provider (lite), you are enrolling for submission of cost-sharing claims, adjudication of cost-sharing claims, and issuance of a Medicaid RA. This process will facilitate your ability to receive a Medicaid RA and claim Medicare bad debt. Your enrollment will automatically be end-dated one year after your Effective Date Requested entered on the application. You will be required to re-enroll if you wish to continue participation after the one year.

DISASTER RELIEF PROVIDER ENROLLMENT

☐ Disaster Relief lite enrollment is intended for qualified providers who have provided services for recipients during a disaster response period, not for providers who see recipients on an ongoing basis. I confirm that I have or will provide services to a North Carolina beneficiary

ATYPICAL INDIVIDUAL

☐ Are you an atypical individual? As defined by CMS: Atypical providers are providers that do not provide health care, as defined under HIPAA in Federal regulations at 45 CFR section 160.103. Taxi services, home and vehicle modifications, and respite services are examples of atypical providers reimbursed by the Medicaid program. Even if these atypical providers submit HIPAA transactions, they still do not meet the HIPAA definition of health care and therefore cannot receive an NPI.

ORGANIZATION PROVIDERS

ORGANIZATION FULL ENROLLMENT

☐ An Organization is an entity, facility, or institution that may be an affiliation of individual providers. When you are completing an Organization Provider Enrollment application, you will be given the opportunity to also enroll as a PCP in the CCNC/CA program if your provider type qualifies you to be a PCP.

OUT-OF-STATE PROVIDER ENROLLED WITH THE LITE APPLICATION

☐ As a time-limited OOS provider (lite), your enrollment will automatically be end-dated one year after your Effective Date Requested entered on the application. You will be required to re-enroll if you wish to continue participation after the one year. This option only applies to providers whose primary address is outside the 40 mile border area.

MEDICARE ONLY LITE PROVIDER

2 ☐ As a time-limited Medicare-only provider (lite), you are enrolling for submission of cost-sharing claims, adjudication of cost-sharing claims, and issuance of a Medicaid RA. This process will facilitate your ability to receive a Medicaid RA and claim Medicare bad debt. Your enrollment will automatically be end-dated one year after your Effective Date Requested entered on the application. You will be required to re-enroll if you wish to continue participation after the one year.

DISASTER RELIEF PROVIDER ENROLLMENT

☐ Disaster Relief lite enrollment is intended for qualified providers who have provided services for recipients during a disaster response period, not for providers who see recipients on an ongoing basis. I confirm that I have or will provide services to a North Carolina beneficiary

3.11 STATUS MANAGEMENT PAGE

This page displays categories of applications. The “Status” column of the **Submitted Applications** section may also provide hyperlinks to allow the user to upload documents, withdraw applications that are still in review, or review notification letters if the application has been returned due to additional information being required. Notification letters will be available for review from the Status Management page as well as the Message Center inbox. Notification letters for initial enrollment applications will only be delivered to the OA’s e-mail address.

If the information (Name, DOB, SSN, or EIN) submitted on the application is incorrect and does not match our findings during the background check, CSRA will return the application and send the OA an Application Incomplete letter. When the **Returned** hyperlink is selected, the provider will be redirected to the Application Incomplete letter, which will contain details of the incorrect information received. After reviewing the incorrect information indicated in the letter, if the provider agrees that the information is incorrect, the OA should navigate to the Status Management page and withdraw the application. The provider may also respond to the Application Incomplete letter advising that the information is incorrect and requesting CSRA to withdraw the application. If CSRA withdraws the application, the Application Withdrawal letter is sent to the Message Center inbox. Withdrawal letters for initial enrollment applications will be sent to the OA’s e-mail address.

Applications withdrawn by CSRA or the provider will have a “Withdrawn” status in the **Submitted Applications** section. CSRA-withdrawn applications will always be accompanied by a withdrawal letter. Providers do not receive correspondence when the withdrawal is completed in the Provider Portal.

Note: While inaccurate data is the example provided for the application withdrawal process, a provider can withdraw an application for any reason deemed necessary.

NORTH CAROLINA DEPARTMENT OF HEALTH AND HUMAN SERVICES PROVIDER ADMINISTRATIVE PARTICIPATION AGREEMENT

1. Parties to the Agreement
This Agreement is entered into by and between the North Carolina Department of Health and Human Services hereinafter referred to as the "Department", and the above identified provider, hereinafter referred to as the "Provider."

2. Agreement Document
The Agreement Documents shall consist of this Agreement, any addendum, and the Provider's application, incorporated herein by reference. No alterations or modifications shall be made to the terms of this Agreement unless through a written amendment executed by both parties. In the event of any conflict between the terms of this Agreement and any of its addenda, the terms of this Agreement shall control.

3. Governing Law and Venue
This Agreement shall be governed by the laws of the State of North Carolina, exclusive of its conflicts of laws provisions. In the event of a lawsuit involving this Agreement, venue shall be proper only in Wake County, North Carolina. This Agreement shall not be construed as waiving any immunity to suit or liability including, without limitation, sovereign immunity, which may be available to the Department.

The Provider agrees to operate and provide services in accordance with all federal and state laws, regulations and rules, and all policies, provider manuals, implementation updates, and bulletins published by the Department, its Divisions and/or its fiscal agent in effect at the time the service is rendered, which are incorporated into this Agreement by this reference.

All provider administrative participation agreements with the Department are terminable at will. Nothing in these Regulations creates in the provider a property right or liberty right in continued participation in the Medicaid program.

4. License
The Provider agrees to:

- A. Be licensed, certified, registered, accredited and/or endorsed as required by State and/or Federal laws and regulations, and NC DHHS policies and procedures at all times that services are provided.

- C. That in no event shall the Department be liable or responsible, either directly or indirectly, to any subcontractor of the provider or any other party that may provide services.
- D. To be held to all the terms of this Agreement even though a third party agent may be involved in billing claims to the Department. It is a breach of this Agreement to discount client accounts to a third party agent or to pay a third party agent a percentage of the amount collected.
- E. To investigate and bill other insurers and third parties, including the Medicare program, if applicable, before billing the Department, when the recipient is eligible for payment for health care or related services from another insurer or person.
- F. To not bill the recipient or any other person for items and services covered by Department and to refund payments made by or on behalf of the recipient for any period of time the recipient is Department approved, including dates for which the recipient is retroactively entitled to Department services.
- G. To accept assignment of Medicare payment in order to receive payment from the Department for amounts not covered by Medicare for dually eligible recipients.
- H. To refund or allow the Department to recoup or recover any monies received in error or in excess of the amount to which the Provider is entitled from the Department (an overpayment) as soon as the provider becomes aware of said error and/or overpayment or within thirty (30) calendar days of a request for repayment by the Department, regardless of whether the error was caused by the provider or the Department and/or its agents.

Addendum A. Help System

The major forms of help in the NCMMIS NCTracks system are as follows:

- Navigational breadcrumbs
- System-Level Help – Indicated by the “NCTracks Help” link on each screen
- Screen-Level Help – Indicated by the “Help” link above the Legend
- Legend
- Data/Section Group Help – Indicated by a question mark (?)
- Hover-over or Tooltip Help on form elements

Navigational Breadcrumb

A breadcrumb trail is a navigational tool that shows the path of screens that the user has visited from the home screen. This breadcrumb consists of links so the user can return to specific screens on this path.

System-Level Help

The System-Level Help link opens a new window with the complete table of contents for a given user's account privileges. Screen-Level Help

Screen-Level Help opens a modal window with all of the Data/Section Group help topics for the current screen. The Screen-Level Help link displays across from the screen title of any web application form screen.

Form Legend

A legend of all helpful icons is presented on screens as needed to explain the relevant meanings. This helps the user become familiar with any new icon representations in context with the form or screen as it is used. Move the mouse over the Legend icon  to open the list.

Data / Section Group Help

A screenshot of a 'Data / Section Group Help' modal window. The window is titled 'PATIENT INFORMATION' and contains several input fields: '* Recipient ID:', '* SSN:', '* Date of Birth:', 'Date of Service', '* From:', and '* To:'. Each field has a corresponding icon (calendar or person) to its right. A red box highlights a question mark icon in the top right corner of the modal. Below the input fields are 'Verify' and 'Clear' buttons.

Data/Section Group Help targets the same modal window as Screen-Level help, but also targets specific form information associated with the Help link that the user selected. Data/Section Group Help displays as a question mark (?).
